THE LENS OF SUTTON ASSOCIATION

LNER LOCOMOTIVES PART 12E

NORTH BRITISH & GREAT NORTH OF SCOTLAND RAILWAYS

This catalogue lists views of the locomotives built for the North British Railway and the Great North of Scotland Railway. The catalogue is arranged in two parts with the North British classes first, followed by the GNOSR classes.

For each Railway the short first section lists the view of locomotives in NBR or GNOSR livery which were not allocated LNER class codes and the rest of the catalogue lists locomotive classes in order of their LNER class designation. The entries give information in the following order:

Our negative reference number, the locomotive number (3 digit number is NBR/GNOSR, 4 digit number is LNER, 5 digit number is BR), the orientation of the view, date if known, location details and comment.
