LNER LOCOMOTIVES PART 12F

NORTH EASTERN & HULL & BARNESLEY RAILWAYS

This catalogue lists views of the locomotives built for the North Eastern Railway and the Hull & Barnsley Railway. The catalogue is arranged in two parts with the North Eastern classes first, followed by the Hull & Barnsley classes.

For each Railway the short first section lists the view of locomotives in NER or H&BR livery which were not allocated LNER class codes and the rest of the catalogue lists locomotive classes in order of their LNER class designation. The entries give information in the following order:

Our negative reference number, the locomotive number (3 or 4 digit number is NER/H&BR, 4 digit number is LNER, 5 digit number is BR), the orientation of the view, date if known, location details and comment.
