WELSH PREGROUPING RAILWAYS

The following list contains details of Welsh station views from the Lens of Sutton Collection and replaces our previous List 13, *GWR Railway Stations Part 2, Welsh Absorbed Lines*. It contains many new views which were not previously catalogued, or have been acquired since we first published this listing in 2003. The scope of this list has also changed to include the Welsh narrow gauge railways. Stations in Wales operated by the LNWR are listed in our LMS West Coast Stations List (No 18) and MR stations are in List 19. GWR stations in Wales are currently being archived and will feature in two future lists: GWR South Wales, and GWR Northern Division.

Many of the views in this catalogue are archive views of circa 1912, while the others date mainly from the 1950s or 1960s. *The Cambrian Railways* CAM), *Brecon & Merthyr* (B&MR), *Barry* (BAR) and *Rhymney* railways (RHYM). are well-represented. Other companies include the *Neath & Brecon* (N&BR), *Port Talbot* (PTR), *Cardiff* (CAR), *Alexandra Dock* (ADR), *Bury Port & Gwendraeth* (B&GVR), *Festiniog Railway* (FR), *Tallylyn Railway* (TR), *Fairbourne Railway* (FAIR), *Snowdon Mountain Railway* (SNOWDON) and *Rhondda & Swansea Bay* railways (R&SBR).
